

HYDRANT USE APPLICATION & PERMIT

SMALL UTILITIES

(Grindrod, Mabel Lake, Silver Star and Whitevale Water Utilities)

Applicant / User:	
Email:	Phone Number:
Address:	
Contact Person:	Phone Number:
Address of Hydrant:	Hydrant Number:
Proposed Start Date:	Finish Date:

Reason For Hydrant Use:

NOTES:

1. A fee of **\$250.00** per hydrant/standpipe per week or part thereof will apply. A consumption fee of \$5.00/cubic meter will also be charged. Fees are payable to the Regional District of North Okanagan (RDNO).
Note: Maintenance on private hydrants also requires a Hydrant Use Permit and must be serviced by a qualified service provider in compliance with American Water Works Association standards; however a backflow protection device and meter box is not required for the maintenance and the \$250.00 permit and consumption fees will be waived.
2. **The owner of the approved hydrant designated on this form gives permission to RDNO Operators to access the fire hydrant to install and remove the backflow protection device and meter box.**
3. **Only those authorized by the RDNO are permitted to provide connection and disconnection services.**
4. The RDNO will supply a connector that includes a gate valve, backflow preventer, locking mechanism, meter and, if required, a pressure reducing valve.
5. The user will be required to lock the hydrant connection whenever the hydrant is not in use or not being monitored by the user.
6. The approved Permit (or photocopy) must be posted on the hydrant at all times.
7. Resale of water from the hydrant for potable use is prohibited.
8. The user is required to notify the RDNO when finished, return the rental lock keys and grant RDNO Operators access to the hydrant for disconnection services.
9. The user acknowledges that any and all damage to the hydrant, water system, the user's equipment or personnel, or any other damages resulting from the use of the hydrant are the user's responsibility, and will be repaired at the user's expense.
10. The RDNO reserves the right to terminate this permit for non-compliance with this policy, without notice or refund.
11. All fees for service must be paid within 30 days of disconnection of service. Interest charges will apply to overdue accounts.
12. This Permit applies to the approved hydrant designated on this form and is not transferable to other hydrants.

Above fees are per the current Small Utilities Rates and Regulations Bylaw.
